In accordance with 37 C.F.R. §§ 1.56 and 1.97 through 1.98, applicants wish to make known to the Patent and Trademark Office the references set forth on the attached form PTO-1449. This application relies, under 35 U.S.C. § 120, on the earlier filing date of prior Application No. 09/803,365, filed March 8, 2001. The references listed on the attached Form PTO-1449 were submitted to and/or cited by the Patent and Trademark Office in this prior application and, therefore, are not required to be provided in this application. If the Examiner wishes, copies will be provided upon request. Although the aforesaid references are made known to the Patent and Trademark Office in compliance with applicants' duty to disclose all information they are aware of which is believed relevant to the examination of the above-identified application, applicants believe that their invention is patentable.

Applicants also wish to make known to the Patent and Trademark Office that an application, Serial No. 10/043,462, describing and claiming subject matter that is similar to the subject matter of this application, was filed on January 10, 2002. This related application, which is a divisional of above-referenced Application No. 09/803,365, filed March 8, 2001, as well as any prior art cited therein, may be material to the examination of this application. The specification, claims, abstract and drawings of this related application as filed are identical to

those currently on file in the instant application as filed, therefore a duplicate copy is not submitted herewith.

Applicants also wish to make known to the Patent and Trademark Office that an application, Serial No. 10/043,680, describing and claiming subject matter that is similar to the subject matter of this application, was filed on January 10, 2002. This related application, which is a divisional of above-referenced Application No. 09/803,365, filed March 8, 2001, as well as any prior art cited therein, may be material to the examination of this application. The specification, claims, abstract and drawings of this related application as filed are identical to those currently on file in the instant application as filed, therefore a duplicate copy is not submitted herewith.

Applicants also wish to make known to the Patent and Trademark Office that an application, Serial No. 10/043,683, describing and claiming subject matter that is similar to the subject matter of this application, was filed on January 10, 2002. This related application, which is a divisional of above-referenced Application No. 09/803,365, filed March 8, 2001, as well as any prior art cited therein, may be material to the examination of this application. The specification, claims, abstract and drawings of this related application as filed are identical to those currently on file in the instant application as filed, therefore a duplicate copy is not submitted herewith.

Please acknowledge receipt of this Information Disclosure Statement and kindly make the cited references of record in the above-identified application.

Respectfully submitted,
